Al Mariam @AlMariam1 · 37m

How much of your \$476M will go to your network of leeches known as NGOs; grease the palms of officials & pay off "them guys" 🤔 to let supplies go through, pay inflated prices for logistics, etc. Exactly how much for devt & humanitarian? Stop grandstanding!

Samantha Power @PowerUSAID · 1h

NEW: @USAID is providing \$476 million in urgent food, humanitarian and development funding to Somalia. Amidst a looming famine, this aid will get urgent food supplies to millions of people, and life-saving nutrition to acutely malnourished children. [usaid.gov/news-informati...](https://www.usaid.gov/news-informati...)

Al Mariam @AlMariam1 · 47m

"The world"? Really? Samantha will soon change her name to Cassandra, after Trojan priestess fated to utter true prophecies but never to be believed. "Told you famine coming, World!" We believe U. Now what? Sing "Rain (famine), rain (famine), go away; Come again another day"?

Samantha Power @PowerUSAID · 2h

Here in Somalia, it's abundantly clear: this drought is not like past droughts. The threat of famine is looming for millions of people; the world must step up immediately to avert catastrophe.

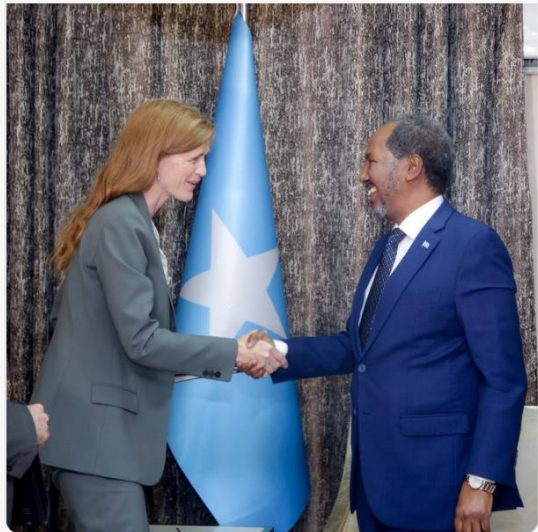

Al Mariam @AlMariam1 · 1h

Hangin' out with starving kids, commiserating w/cattle-less pastoralists, getting down w/slum dwellers and groovin' w/presidents? Great photo ops. Setting it up for the hearing to become next Secretary of State. Alright, Sam. I see you! I see you! 🤔🤔

Samantha Power @PowerUSAID · 2h

Great to see President @HassanSMohamud in Mogadishu, Somalia today. @USAID is committed to our long-standing partnership with the Somali people, supporting the vision of "a Somalia at peace with itself and at peace with the world."

AI Mariam @AIMariam1 · 1h

Trotting round Horn shouting "Famine is coming. Famine is coming." Reminds me of Paul Revere. Talk, talk, talk... Why don't U bring practical plan to deal w/ "famine"? How come U never mention a word bout what Horn countries can do to help themselves. Must whites always save them?

Samantha Power @PowerUSAID · 3h

Today I visited Mogadishu, Somalia to speak with humanitarian partners & government leaders about their response to the historic drought. @USAID has been providing emergency food aid for millions, but the situation is dire. Without more funds from donors, many could face famine.

AI Mariam @AIMariam1 · 3m

You are wrong, Sam. You said "red for crisis." Red is for "emergency," Phase 4. Orange is for "crisis", Phase 3. Your own FEWS says so. You run around exaggerating stuff. For a year, you fabricated non-existent famine in #Ethiopia & I proved you lied. Why you lie, Sam? Why?

IPC Acute Food Insecurity Phase Descriptions (Area)

| | |
|-----------------------------|--|
| PHASE 1 Minimal | Households are able to meet essential food and non-food needs without engaging in atypical and unsustainable strategies to access food and income. |
| PHASE 2 Stressed | Households have minimally adequate food consumption but are unable to afford some essential non-food expenditures without engaging in stress-coping strategies. |
| PHASE 3 Crisis | Households either: - Have food consumption gaps that are reflected by high or above-usual acute malnutrition; OR - Are marginally able to meet minimum food needs but only by depleting essential livelihood assets or through crisis-coping strategies. |
| PHASE 4 Emergency | Households either: - Have large food consumption gaps which are reflected in very high acute malnutrition and excess mortality; OR - Are able to mitigate large food consumption gaps but only by employing emergency livelihood strategies and asset liquidation. |
| PHASE 5 Famine | Households have an extreme lack of food and/or other basic needs even after full employment of coping strategies. Starvation, death, destitution, and extremely critical acute malnutrition levels are evident. (For Famine Classification, area needs to have extreme critical levels of acute malnutrition and mortality.) |

Samantha Power @PowerUSAID · 6h

"In the droughts that hit the country before, the humanitarian map of Somalia showed pockets of red for crisis. Now the entire map is different shades of red." This was the grim assessment from a @USAID Saves Lives humanitarian partner in Somalia. ...

"More funds from others"? Biden can sign off \$40B to Ukraine w/population of 40 million, but only give less than 2B to "starving" Horn w/150million pop. U talk, talk, talk... bout saving black African lives & go round begging others to give handouts. Fitting for Queen of Beggars!

Samantha Power @PowerUSAID · 41m

After taking office in May, Somalia President @HassanSMohamud recognized severity of food crisis & made @AAbdishakur Special Representative for Drought Response. He & @UN convened EU, UK, Turkey, UAE, Qatar, Saudi Arabian reps to discuss need for more funds to prevent famine.

AI Mariam @AIMariam1

You never tire of weaponizing African hunger in your grey war against Putin. You are not going to win the hearts and minds of Somalis by taking cheap shots at Putin. You win by feeding their stomachs. More people will die cause you'd rather run your mouth than feed Somali mouths!

Samantha Power @PowerUSAID · 2h

In Somalia, almost half the population are going hungry—including over a million kids.

Somalia imports more than half of its wheat from Ukraine.

If Russia doesn't follow through on its agreement to free Ukrainian grains, more people will die.

Samantha Power @PowerUSAID · 5h

The food security crisis in the Horn of Africa is on the brink of becoming a catastrophe.

Hahaha! It will be just like old times. Terrorists and terrorist supporters having a hoedown in Mekele. "Okay, everybody, gather 'round It's time for the Pigpen Hoedown! Kick up your heels Jump up and down Shut your eyes and whirl around..." 🤪🤪🤪🤪

EBC News @ebczena · Jul 28

National Security Adviser of the PM of #Ethiopia Amb. Redwan Hussien said, Ethiopian gov't is ready for talks any time, any where. He also said special envoys of #UN, EU & USA including Ambassadors of US, #France, #Germany, #Italy & #UK are allowed for a trip to Mekelle.

Are you a @CNN fake news reporter or head of America's alms agency? Americans wanna know how their tax \$\$\$ R making world better. What is USAID doing to save lives in Kenya&Horn? Can you give a detailed report to date? Or is this whole thing an ego-tripping publicity stunt for U?

Samantha Power @PowerUSAID · 5h

For a sense of the looming food catastrophe in the Horn of Africa, see this hand-written chart & map from Turkana, Kenya, which is being decimated by drought: # of patients classified as "emergency" in clinics is surging & the map's darkening red areas show spiraling malnutrition:

AI Mariam @AIMariam1 · 13m

How heart-touching to see St. Mother SamanTheresa saving starving Kenyan kids, pastoralists w/no animals, farmers scratching dust& forgotten women&girls. Behold Second Coming to end Kenya's Tribulation! U strike nice pose, so as not to look you're standing over kneeling black man!

Samantha Power @PowerUSAID · 7h

As the livelihoods of pastoralists across Kenya are threatened by record droughts, Kachoda Agronutrition Farm in Turkana is providing training and farm land to farmers who've lost their animals so they have alternative forms of income for their families.

AI Mariam @AIMariam1 · 27m

"Other donors"? Like who? You mean Europeans, they need help themselves. Ain't ya heard? Inflation, unemployment, declining GDP, 120 million Europeans teetering on verge of poverty, climate? Can't give what you ain't got. \$40B+ for Ukraine, less than \$2B for Horn of Africa? Fair?

Samantha Power @PowerUSAID · 6h

@USAID has rushed more than \$1 billion in emergency aid to the Horn of Africa; and here in Kenya, I just announced another \$255M. But we urgently need other donors to step up to meet the scale of this hunger crisis. reuters.com/world/africa/u...

AI Mariam @AIMariam1 · 41m

+1M children #Kenya kids malnourished overnight? You show up at the end & throw \$200M and beat your chest in victory. What took you so long to save these kids? How come no pictures with the "bones and skins" kids of Kenya? U could have struck a pose for great photo op, Sam!

Samantha Power @PowerUSAID · 5h

Over 1M children in Kenya are malnourished. Talked to parents at Kachoda health clinic in Turkana who lost all livestock & income in drought. Their kids survived severe malnutrition bc of therapeutic supplement RUTF. USAID just made historic \$200M RUTF investment but more needed.

AI Mariam @AIMariam1 · 52m

"Tell the story" or tell tall tales like you about the #Ethiopian famine that never existed? When will you stop weaponizing famine in your grey war in the Horn of Africa? All eyes on you, eh Sam? Famine, camera, (Samantha kicks into) action. Being FAMous talking FAMine. Sick!

Samantha Power @PowerUSAID · 6h

I spoke with reporters here in Turkana about US support for the Kenyan people as they experience an unprecedented food crisis. Need more journalists to travel to famine-stricken areas to tell the story of the human impact of this devastating crisis.

AI Mariam @AIMariam1 · 1h

Samantha having identity crisis? She was journaLIEst decades ago. Now USAID boss, behaves like @CNN fake news @nimaelbagjr exaggerating everything. 1 trough for billions of US aid tax \$\$\$? Ratio is 1 trough for 50/60 animals. Need 100 troughs for 5k animals. Where they at Sam?

Samantha Power @PowerUSAID · 5h

Seven million—seven million!—livestock have already died across the Horn of Africa. W/ water sources drying up due to drought, this watering point in Turkana, restored by the county government & @USAID partner @Concern, is providing clean water for 5k livestock in the community.

AI Mariam @AIMariam1 · 1h

Samantha now trying to steal @WFP @WFP_Ethiopia thunder? Publicity hound. What the hell has USAID done on the ground? You always crow bout your billions in handouts. How many women&girls has @USAIDEthiopia fed? Could the answer be a BIG FAT O! Action speaks louder than tweets!

Samantha Power @PowerUSAID · 7h

Women & girls are often first to go hungry and last to get assistance. They're forced to walk long distances for food & water, often with their children on their backs. This @WFP center in Turkana, Kenya feeds 100s of drought-affected households—the vast majority headed by women.

AI Mariam @AIMariam1 · 8h

"Stand with Ukraine"? No thanks! I stand with America First! Charity begins at home. Americans are suffering from inflation, crime, homelessness, lack of health care. THX to Biden. When will you, Biden and rest y'all STAND WITH AMERICA? I stand with & for AMERICA FIRST!

Samantha Power @PowerUSAID · Jul 22

We're responding to urgent needs in Ukraine—and helping build resilient infrastructure for the future. Grateful to New Zealand @MFATNZ for contributing \$491K to @USAIDUkraine's cybersecurity programming to strengthen protection against relentless cyberattacks from Russia. twitter.com/USAIDUkraine/s...

AI Mariam @AIMariam1 · 8h

Samantha "The Publicity Hound" Power! "I am headed here... there". By plane, car, rail, boat, Space-X. Watch me! It is all about I-Samantha. Visit& do what? So they sing kumbaya to you? Talking (tweeting) loud, saying (doing) nothing! Wanna know what the hell U DOING over there?

Samantha Power @PowerUSAID · 14h

Today I'm headed to Turkana in northern Kenya to visit health facilities and food distribution sites on the frontlines of the country's drought response.

AI Mariam @AIMariam1 · 21h

Is Samantha Power a head of state/President of the United States laying wreaths at African memorial sites? She ain't nothing but a bureaucrat. Oops! Laying wreaths in her capacity as the Queen of Beggars! Aha! Mea culpa! 😂😂😂

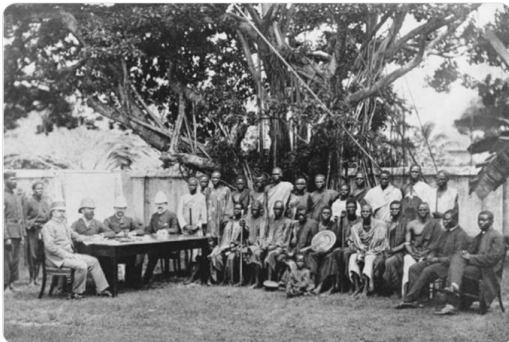

Samantha Power @PowerUSAID · Jul 22

My first stop in Nairobi was the August 7th Memorial Fountain to remember the victims of the 1998 Embassy bombing at @USEmbassyKenya. Many of the injured answered evil with heroism, rushing to rescue others. We honor the hundreds of lives cruelly taken in this act of terror.

AI Mariam @AIMariam1

Samantha Power, front and center, surrounded by today's African "chiefs". And 100 years ago... (the more things change, the more they remain the same.) Ironic!

AI Mariam @AIMariam1 · 23h

Samantha serving her "sullen peoples":
"Take up the White (Wo)Man's burden—
Send forth best ye breed—
To serve UR captives' need
UR new-caught, sullen peoples,
Half devil and half child." (R. Kipling)

Sammy left no stones unturned to cripple #Ethiopia 2021 election!

Samantha Power @PowerUSAID · Jul 22

In advance of the Aug. 9 election, spoke with Kenyan civil society leaders from @ELGIA_Africa, @ncckkenya, @TIKenya & @HakiAfrica about their work to promote a free, fair and peaceful vote. The election activities of these organizations are essential to the electoral process.

Samantha Power @PowerUSAID · Jul 22

Important meeting with the government leaders of Kenya's response to historic drought. With 4M Kenyans unable to meet their food needs, @USAID is providing an additional \$255M in urgent aid. Discussed coordination & how Govt is working to get assistance to the most vulnerable.

AI Mariam @AIMariam1 · 23h

...

Saint SamanTheresa of USAID surrounded by beaming African natives she saved from the damnation of famine and starvation. Photographic evidence (to treasure!) of "White Woman's Burden." What a narcissist! Hip hip... horay kwa malkia wa ombaomba!

Samantha Power @PowerUSAID · Jul 22

Our @USAIDKenya & @USAIDSomalia Foreign Service Nationals are an exceptional group of public servants. Their work and extraordinary commitment is making a difference for so many communities throughout Kenya and Somalia every day.
