Brad Sherman! I would respond to you but merely glancing at your tweet would infect my brain. "What a thrice-double (dumb) ass you are! (The Tempest, Act 5, Scene 1) 🤡🤡🤡🤡"

Congressman Brad Sherman ✓ @BradSherman · 1h

I am horrified by the Ethiopian government's renewed assault on #Tigray. Tigrayans face the worst humanitarian crisis in the world & this new offensive threatens millions already enduring famine. The US must act to help facilitate an immediate ceasefire.

AUGUST 24, 2022

Meeks, McCaul Issue Statement on Resumption of Hostilities in Northern Ethiopia

"After months of incremental progress toward a negotiated peace in northern Ethiopia, we are deeply concerned by reports of renewed hostilities from all sides of this devastating civil war. All acts of aggression and sabotage, including the looting of humanitarian commodities, are unacceptable and only prolong the suffering of vulnerable populations already facing a dire humanitarian crisis in Ethiopia.

"We urge all sides to de-escalate tensions immediately, adhere to the ceasefire, and return to the negotiating table. We also call on our partners in the international community to remain focused on promoting a peaceful end to this crisis. Ethiopia's future depends on all parties to this conflict operating in good faith in finding a path to a lasting peace."

Five months ago, a truce was declared in northern Ethiopia, which reduced violence and saved lives. We are concerned that renewed fighting puts that at risk. We call on the Ethiopian Government and TPLF to redouble efforts for peace to bring a permanent end to the conflict.

Tragic news...but expected. Recent TPLF statements, its resistance to the peace process, & heightened disinfo warfare sadly all pointed to this. An inevitable outcome in the face of IC silence, the unequal application of sanctions & a one-sided ceasefire.
